Title: Margin and Capital Requirements for Covered Swap Entities: Exemptions.

OMB Control No.: 1557-0335.

Description: The OCC issued an interim final rule required by the Terrorism Risk Insurance Program Reauthorization Act of 2015 (TRIPRA).<sup>2</sup> Title III of TRIPRA, the “Business Risk Mitigation and Price Stabilization Act of 2015,” amends the statutory provisions added by the Dodd-Frank Act

---

<sup>1</sup> 80 FR 74915 (November 30, 2015).

<sup>2</sup> Pub. L. 114-1, 129 Stat. 3 (2015).

relating to margin requirements for non-cleared swaps and non-cleared security-based swaps. Section 302 of TRIPRA amends sections 731 and 764 of the Dodd-Frank Act to provide that the initial and variation margin requirements do not apply to certain transactions with specified counterparties that qualify for an exemption or exception from clearing. Non-cleared swaps and non-cleared security-based swaps that are exempt under section 302 of TRIPRA will not be subject to the Agencies’<sup>3</sup> rules implementing margin requirements.<sup>4</sup> The effect of the interim final rule is to augment provisions of the final rule published by the Agencies in November 2015<sup>5</sup> that allow swap entities to collect no initial or variation margin from certain “other counterparties” like commercial end-users with a provision that grants an exception from the margin requirements for certain swaps with these and certain additional counterparties.

The reporting requirements in the interim final rule are found in 12 CFR 45.1(d), which refers to other statutory provisions that set forth conditions for an exemption from clearing. Section 45.1(d)(1) provides an exemption for non-cleared swaps if one of the counterparties to the swap is not a financial entity, is using swaps to hedge or mitigate commercial risk, and notifies the Commodity Futures Trading Commission of how it generally meets its financial obligations associated with entering into non-cleared swaps. Section 45.1(d)(2) provides an exemption for security-based swaps if the counterparty notifies the Securities and Exchange Commission of how it generally meets its financial obligations associated with entering into non-cleared security-based swaps.

Type of Review: Extension of a currently approved collection.

Affected Public: Individuals; Businesses or other for-profit.

Estimated Number of Respondents: 20.

Estimated Total Annual Burden: 20,000.

---

<sup>3</sup> The Agencies are the Office of the Comptroller of the Currency, the Board of Governors of the Federal Reserve System, the Federal Deposit Insurance Corporation, the Farm Credit Administration, and the Federal Housing Finance Agency.

<sup>4</sup> The interim final rule is a companion rule to a final rule adopted to implement section 731 and 764 of the Dodd-Frank Act.

<sup>5</sup> The final rule was issued on November 30, 2015 (80 FR 74840).

On April 19, 2016, the OCC issued a notice for 60 days of comment concerning the collection, 81 FR 23082. No comments were received. Comments continue to be invited on:

- (a) Whether the collection of information is necessary for the proper performance of the functions of the OCC, including whether the information has practical utility;
- (b) The accuracy of the OCC's estimate of the information collection burden;
- (c) Ways to enhance the quality, utility, and clarity of the information to be collected;
- (d) Ways to minimize the burden of the collection on respondents, including through the use of automated collection techniques or other forms of information technology; and
- (e) Estimates of capital or start-up costs and costs of operation, maintenance, and purchase of services to provide information.
